

CHALLENGE PREVIEWS

Start A Team.Choose Your Challenge.

Destination Imagination is an educational program where student teams solve open-ended Challenges and can present their solutions at tournaments.

STEM Challenges

Technical

The Technical Challenge prompts students to complete tasks by using engineering, research, strategic planning and related skills.

Scientific

Our Scientific Challenge blends the research and curiosity of science with the thrill and creativity of the theater arts.

Structural

Our Structural Challenge asks teams to design, build and test load-bearing structures out of specific materials.

Arts & Service Learning Challenges

Fine Arts

In the Fine Arts Challenge, students flex their acting and artistic muscles AS THEY EXPLORE some of our most fascinating works of literature and media.

Improvistional

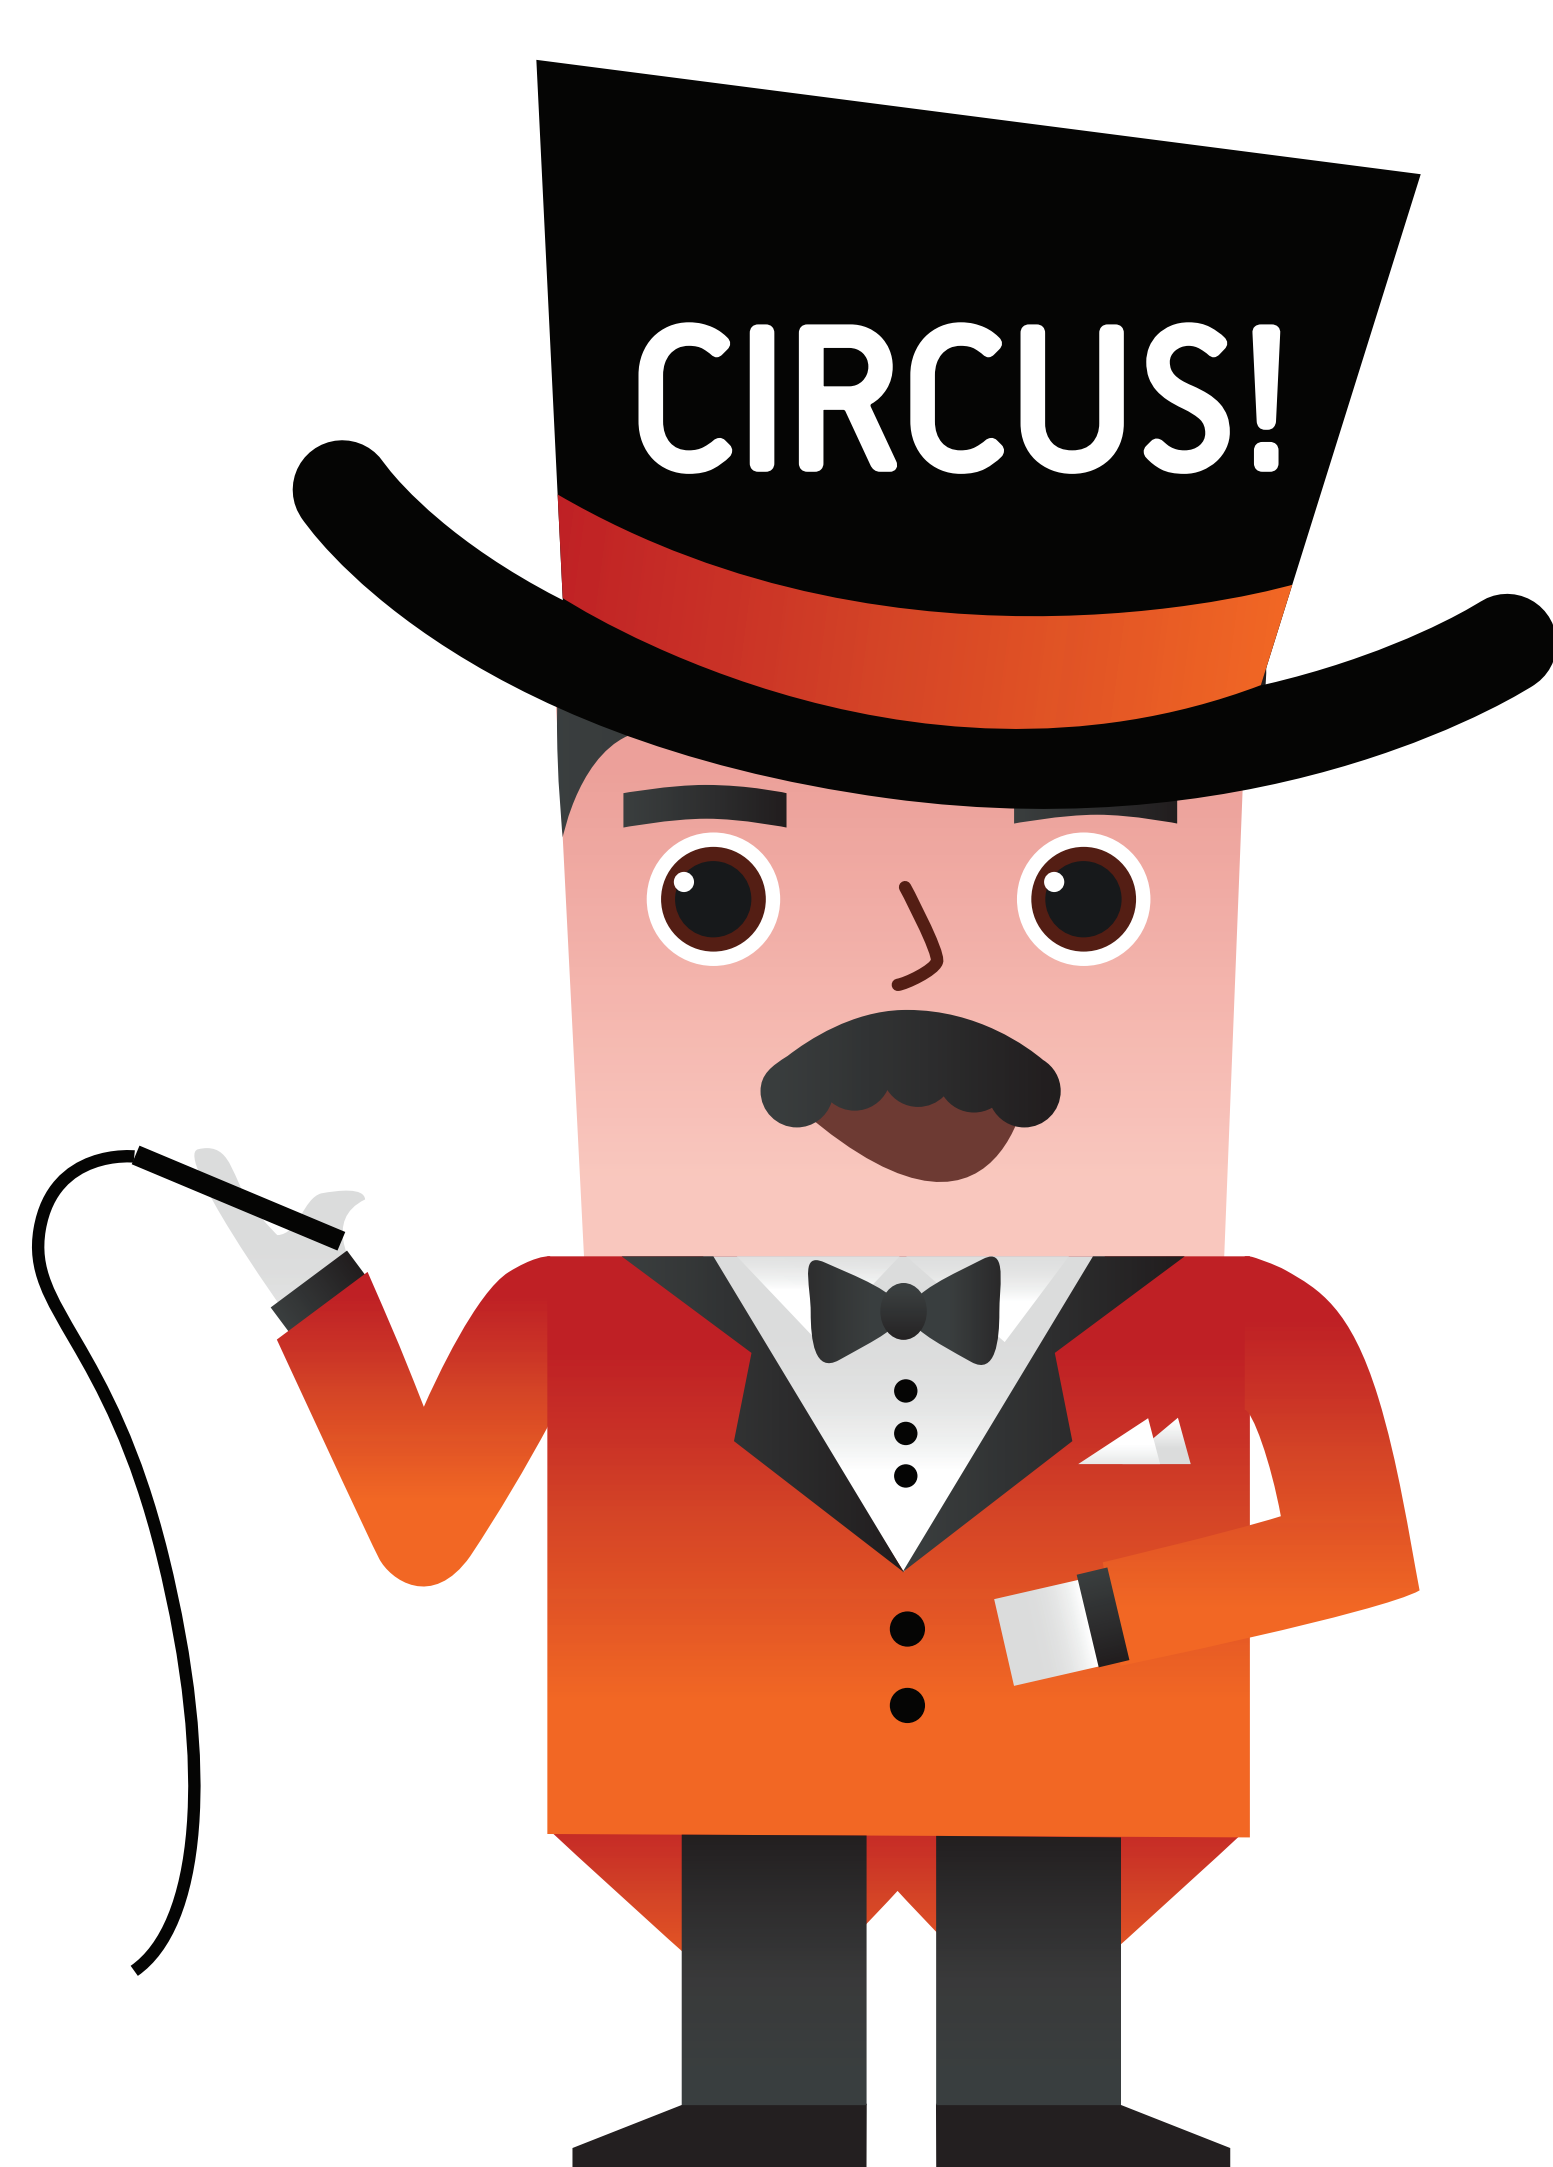

The Improvisational Challenge is all about spontaneity and story-telling. Teams receive topics and produce skits right on the spot.

Service Learning

The Service Learning Challenge is designed to engage students in community service to address real community issues through personal expression.

Early Learning

Rising Stars!

Rising Stars! is a Challenge created for early learners. To solve the Challenge, 4- to 7-year-old children work together on performances complete with characters, props and scripts.

STEM & Literacy Pathways for Early Learners
