

## Business Administration

Please refer to the current [Undergraduate Academic Catalog](#) to see the course descriptions and a major description with requirements for Business Administration.

New students considering a major in business administration will need to take the following classes early in their studies: **BUAD 152, 131, 132, MATH 200, ECON 201B and 202B**. Many of these courses are prerequisites for other business courses.

Below please find some examples of first semester schedules for a business administration major. There are many variations of a first semester schedule; the examples are just meant to help you see that there are many ways to reach the same goals.

For information about the General Education Requirements Met below visit the [General Education Requirements](#) website.

\*These paths assume fall matriculation. Students entering in the spring semester will make appropriate adjustment for sequencing issues.

*\*Please note that not all sections of a course may have the Across-the-Curriculum (ATC) attribute(s). Across-the-Curriculum designations for a course are dependent on instructor and semester. ATC designations for each course are listed in the Banner description for the semester in which you are registering.*

*\*\*This particular course is in a discipline that allows students with demonstrated competence upon admission to UMW (such as AP/IB credit, dual enrollment, etc.) to begin courses at a higher level. Please read the Academic Planning Guide carefully to see if you meet the requirements. For example: students may begin at any level language course for which they feel prepared (101, 102, 105, 201, 202 or 205), but must then complete the rest of the sequence in order without repeating or skipping any levels.*
