

## Sociology

Please refer to the current [Undergraduate Academic Catalog](#) to see the course descriptions and a major description with requirements for Sociology.

New students considering a major in sociology should take **SOCG 105** which is a requirement for the major and it fulfills part of the Human Experience and Society General Education requirement. They should also consider taking **SOCG 155** which is a major elective.

Below please find some examples of first semester schedules for a sociology major. There are many variations of a first semester schedule; the examples are just meant to help you see that there are many ways to reach the same goals.

For information about the General Education Requirements Met below visit the [General Education Requirements](#) website.

\*These paths assume fall matriculation. Students entering in the spring semester will make appropriate adjustment for sequencing issues.

*\*\*This particular course is in a discipline that allows students with demonstrated competence upon admission to UMW (such as AP/IB credit, dual enrollment, etc.) to begin courses at a higher level. Please read the Academic Planning Guide carefully to see if you meet the requirements. For example: students may begin at any level language course for which they feel prepared (101, 102, 105, 201, 202 or 205), but must then complete the rest of the sequence in order without repeating or skipping any levels.*
